

ENGLAND WORLD CHAMPIONSHIP TEAM QUA LIFERS 2004

Last month they were the last eight still standing of the 64 players who battled it out for a place in the 2004 England Youth squad

Now the “best of the best” have to go head to head again. Why?

There is one place up for grabs in the England World Championship Team and one place in the singles in the world championships for 2004

This means 10 of the 12 must go ! And the only way they will see the World Championships Will be as Spectators. Which of the current crop of England's finest youth players claim the place in the England Youth World Championship team in May and who will get the spot in the singles event.

You can see all the action as it happens right here on tables 29, 30, 31 & 32 from on Saturday after the Interleague closes
